

The Relay for Life La Mirada will take place May 20-21 at Splash! Regional Aquatics Center.

The 24-hour event is the American Cancer Society's signature fundraising event where the community gathers for one day. Teams are formed and the members take turns walking through the duration of the event. Live entertainment, games, food, and raffles take place throughout the day.

A celebration of the lives of our survivors through a victory lap and a free breakfast is provided by local restaurants. In the evening a path is lit by the luminaria bags that represent someone that has passed on or is fighting cancer. These bags represent that there is still light in the darkest moments.

Special attractions at this year's La Mirada event at Splash! include a Ride the Slide & Buccaneer Bay Wading Pool Fundraiser from 11:30 a.m. to 3:30 p.m.

Relay for Life helps support the free services, research and advocacy that the American Cancer Society provides.
